Librarian’s report.
1. Building and grounds maintenance. Consulted with a solar company. There is more room on the main building than on the annex building. The roof will need to be replaced first. We’ve been denied grant funding for that in the past, but can apply again to do that project in FY23. Discussed the logistics of potentially installing solar. We are still awaiting estimates to replace our boiler with a more efficient model. We are working on replacing the roof on the Brush Annex building. We’d like to separate the roofing projects so that they won’t both need replacement in the same fiscal year. We have the money budgeted for that project, though it may end up being expended in the upcoming fiscal year. The Board President called for a motion made by Julian Pei to approve the Director’s signing of a contract to engage Architect Harlan Bohnsack in regard to replacement of the roof on the Brush building. Roll called: 9 yeas. 0 nays. 0 abstentions. MOTION passed.
2. COVID-19 procedures. We hope to move beyond appointment only in April.
3. Other. Received additional grant funding for the Mentorship Project. Each grant pays for different aspects of the project. Any additional funding can enhance what we do.

Committee reports.

Unfinished business.
None.

New business.
The Board President notes (and the Board agrees) that he is very impressed with the work of Jennifer Robertson. She has done an outstanding job with organizing webinars and candidate forums.

The Director explained the difference between “active” and “passive” programs on Board reports.

The Director clarified that craft kits are not limited to card holders; nor are library programs. We consider it part of resource sharing.

Harriet Simon has been impressed with the array of virtual library programs offered. The Director explained that we have had many opportunities in 2020 and 2021 to partner with area organizations to sponsor public programs, which has been a win-win for both the community and the library.

Other.
1. Patron behavior. None.
